a FREE resource that encourages your students to try new books and genres in a fun BINGO game!

### Note to the Teacher

encourage my

Thank-you for your download! I created this resource to encourage my students to try out new books and genres. I hope your class finds these as engaging as mine did!

### This resource includes:

- Reading Bingo sheets (3 different versions)
- Reading Bingo Log
- Reading Reflections

### Here's how it works:

Give each student a copy of the Reading BINGO page. They need to choose a book to read that matches each description. Five in a row makes a BINGO! The center space is free choice. As they read, they can fill out the reading log to record their book choices. At the end, have them fill out the Reading Reflections page to see how they felt about their book/genre choices.

### Options:

- There are three different versions of the Bingo boards, so you can use this resource many different times. (I2 BINGO options per board x 3 = 36 BINGO opportunities!) Perfect for keeping your students reading over the summer or throughout the school year.
- Have a speedy eager reader? Have him read a book from every category listed! Reward him when he covers the entire board!

### Like this resource?

If your class enjoyed this resource, I'd love to hear about it! Leave feedback on the resource and/or e-mail me at joyinthejourneyteaching@yahoo.com
